WE'RE WHAT PEOPLE

ARE TALKING ABOUT!

Life at NHS! This is the constant topic of conversation for students in grades seven through twelve. The entire community is interested and involved in the activities of the school, both academically and socially. Throughout the pages of this book are enough good times and happiness to last a lifetime. Each of you played a part in all that has happened and our book would not be the same without you.

The purpose of this book is to faithfully record these events as they happened and make them a part of your memories forever. From the first exciting day of classes, through the football season, the challenge of daily classroom assignments, the joy of friendships, the excitement of dances and special events; through the bittersweet moments of the prom and graduation all these things comprise a year that is unique and can never be repeated.

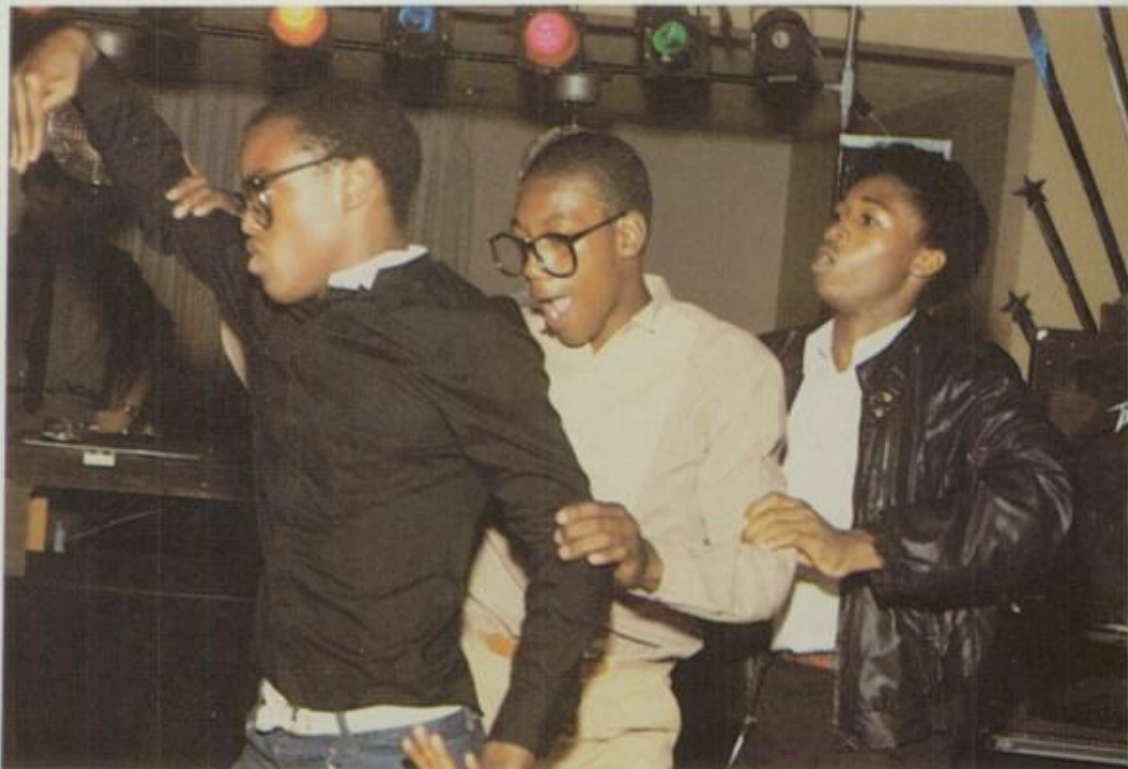

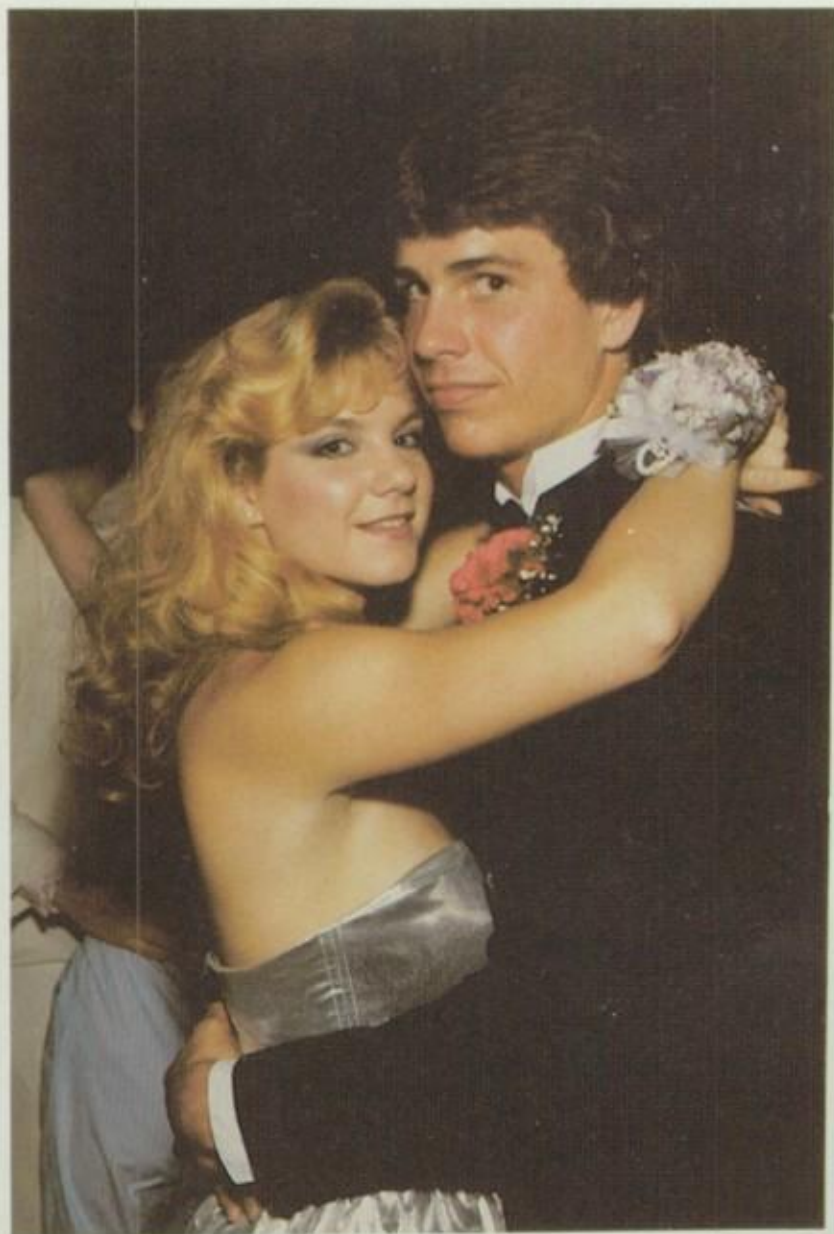

It is the hope of the Racer staff that this book will forever keep this year alive in your hearts, and whenever you turn these pages you will hear the echo of each voice, see the reflection of each smile, and feel the softness of each tear that made every moment of this year precious.

Within this book we will be forever young and smiling and this is the way we will remember each other. The styles, customs, cars, clothes, teachers, classrooms, posters, cheers, songs all are frozen in time forever.

Truly, this book is unique, because the year 1985 can be lived again in only one way in the pages of your yearbook.

Happy Memories,
The Racer Staff

You And Me

True Friends Are Forever!

Newcastle High

A place of excitement and fun. A special relationship shared just between you and me. A time to learn and gain experience, yet have fun in the process. From class to class and day to day we grow up a little bit more. Together, we grow closer as the weeks go by and graduation is upon us before we realize it. Never again will we be in the company of such special people. A time in our life we will cherish forever. Enjoy it!

The 1984 Homecoming parade was a great success as usual. The theme this year was "fairy tales and nursery rhymes" and each class worked hard to find just the right fantasy for its float.

Seniors show winning style.

Racer Band

Sophomores show color and class.

Parade

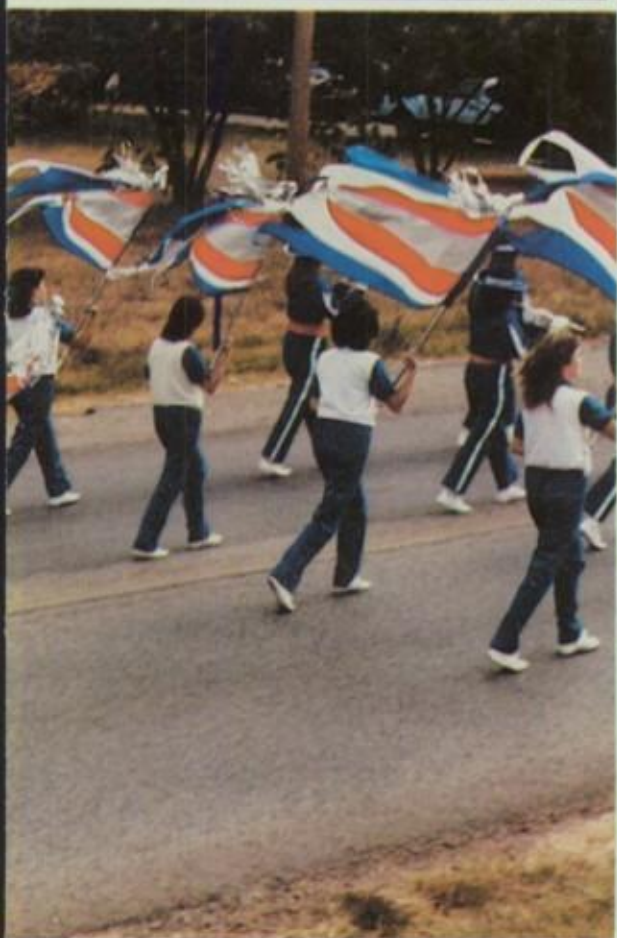

The Senior class was thrilled to come in first with the beautiful float based on the fairy tale "*Cinderella*." The other classes had stunning creations that were a pleasure to see. The Juniors chose *Rapunzel*"; the Sophomores, "*Hanzel and Gretel*"; and the Freshmen entered "*The Three Little Pigs*". Good Work, Classes!

This Is Our World

Sometimes feelings and sentiments are not best expressed in writing, for some impressions and experiences are so uniquely individual that words cannot convey the entire scope of our emotions. Although poets are rare among us, there are few who cannot understand pictures: a memorable moment that holds time still. As a favorite melody brings to mind the almost forgotten moments, a picture can recall things as they once were. The anxieties, the loves, and the expectations of the year — let these photographs be a reminder of those days

The One

Hi, Shari!

Tonya's a natural.

Everyone needs a friend.

Couple of the year

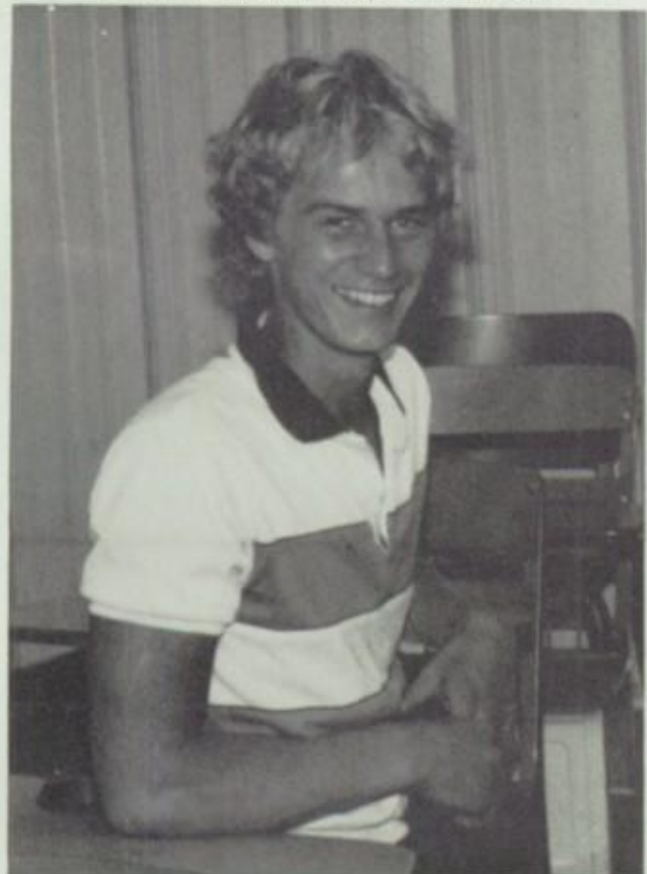

I just love school!

And Only

Show us those pearly whites, Dee.

Glad you could make it today, Rod.

The only one that is and the only one that will ever be — the class of "85."
Through our last year together in high school, we've gone through blistering heat, freezing cold, long hard practices so that we could be our very best, sweet victory & crushing defeat; wild cheering supporting our teams, enough gas to keep Philips 66 in business, all the fashions and fads, falling asleep in class, going to dances and banquets, working on the float, and- above all- showing our privileged position as seniors to the under classmates.

Through all of this — whether we've participated or simply been spectators. — we've shared with each other! What great times we've had! Even though the future lies before us, these unique days are gone forever. We'll miss you, Newcastle High School, and we'll always love you.

"It all started with a smile
and ended with a tear, our
1985 senior year."

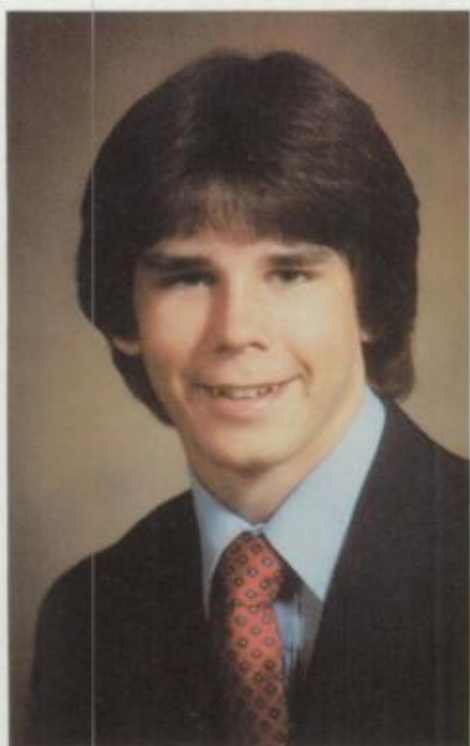

Just try & get through these tires.

Tell us about it, Terri

Happiness Is Making Music

A person might wonder why a student would choose to be in band. They're stuck in early band and extra practices in the afternoon when they could be out with friends having a good time. But there is a feeling like no other when performing in front of a crowd and seeing the people stand up one by one until the whole crowd is on its feet. There is a feeling of pride in being a part of the Newcastle High School Band!

The Newcastle High Choirs have made some changes this year. Under the leadership of their new teacher, Donna DeLuca, the first hour treble choir performed a contemporary Christian musical with a fourteenth century text called "Ceremony of Carols" accompanied solely by harp. The performance was enthusiastically received by the audience and plans were immediately made to begin work on selections by Bach.

All the choirs performed exceptionally well during the year and enjoyed their music.

Thanks, Mrs. DeLuca!

It all started with competitive and nervous tryouts. The results are what you see here: The 1985 Varsity Cheerleaders. They attended the OU Thunderhawks cheerleading camp and brought home 3 superiors, 1 excellent, and the honored Spirit Stick. Cheerleading is not an easy vocation. After practicing all summer and everyday after school you can get pretty tired of it. But those nights at the games make it worth while. The Cheerleaders did a great job supporting their team through the sad times and the happy times.

The Unmasked Outlaw

Are those *our* grades?!?

Reaching for tomorrow is what F.F.A. is about. From the first day in class, the students start learning about animals, welding, horticulture, and many, many, more useful subjects. They learn that they can make a future from what is taught in Agriculture, whether in marketing or teaching. Whatever they learn in the four years they are in F.F.A. will be remembered.

Don't tell me your problems.

Junior High Cheerleading

An experience within itself. Oh, those first pep assembly butterflies and sore muscles from camp. It's a time to realize that there's a lot of hard work in cheerleading but the good times make up for all the sweat and broken bones and rainy football games. It's a time to enjoy being in junior high because high school isn't far off. So here's the junior high cheerleaders enjoying it while they can!

The 1984-85 Racer football season was filled with frustration and disappointment. Sheer grit and determination can only go so far against teams larger in size and longer in experience . . . Plagued by injuries to key players and handicapped by lack of experience that allowed many heart-breaking errors, the Racers again and again saw a basically well-played game go from victory to defeat in the last few minutes of the game.

It is true that the fans enjoy a winning season, but it is also true that every season cannot be a winning one no matter how much we might wish it to be and no matter how much work and effort is expended in the attempt.

The fans-who were loyal in the bad times as well as the good — are aware that the 1985 team went the extra mile and did their best to achieve a successful season.

Therefore, hold your heads high and remember — We love you, Racers!

Nike sneakers and blow 'dryers both tucked away in a gym bag. Pigtales in the wind. Yes, the kid with the basketball is a girl. She wants to win. She runs hard, tried hard 'cause she has a job to do. She's part of the team. She doesn't have to run those suicides or spend those extra hours in the gym, but she wants to. She doesn't have to fight so hard. After all, girls are supposed to sit back and let the "man" do the job. She still plays. She's used to the kidding she may get from the guys. It's expected.

So why does she play? Because after the game there is that good feeling of being a part of something. Jumping up and down, hugging people, or maybe having a good cry.

YES, the kid with the basketball is a GIRL!

The Racer Baseball team had a successful year with new Head Coach Smokey McCarthy. The young Racers showed good determination, competing strongly with tough opponents. (Strenuous conditioning was also exhibited after the Lexington game.) Ronnie Buford and Keith Bolles led the team with Senior authority, displaying poise in the most nail-biting games. Chris Forth and Marty Prudome also were called upon in key situations to carry the team.

I believe that this yearbook is one of the very best efforts that Newcastle High School Yearbook Staff has put forth in recent years. The entire staff has worked extremely hard to make this an especially good book. At times it is quite trying for all of us, rushing around to meet deadlines and trying to find that picture that's just right. This year we've tried to use a great variety of pictures of everyone and capture everyone at his best- or at times- perhaps his worst! I would like to thank our hard working staff who worked to make this book the very best it could be. I would especially like to thank our advisor, Mrs. Cornett, without whose hard work and infinite patience this book would not be possible.

A Dedication To . . .

James Lee Draper

Oct. 5, 1969 - July 23, 1984

The Lord is my shepherd; I shall not want.
He maketh me to lie down in green pastures;
He leadeth me beside the still waters.
He restoreth my soul;
He leadeth me in the paths of righteousness for his name's sake.
Yea, though I walk through the valley of the shadow of death,
I will fear no evil: for thou art with me;
Thy rod and thy staff they comfort me.
Thou preparest a table before me in the presence of mine enemies;
Thou anointest my head with oil; my cup runneth over.
Surely goodness and mercy shall follow me all the days of my life,
And I will dwell in the house of the Lord forever.

Todd,
I don't know if
you want me to sign
this, if you don't, it's
erasable! You're cool!
Your Friend?
